Pursuant to Republic Act No. 7581 or the "Price Act", the implementing agency such as the Department of Health (DOH) has jurisdiction over basic necessities or prime commodities in reference to medicines and other medical products in times of emergency. Due to the health emergency posed by the COVID-19 pandemic, the DOH recognizes the need to establish a mechanism to readily protect the consumers from unreasonable price increases and to penalize persons or institutions who violate the said Act. Pursuant to Section 10, Item No. 14 of the *Price Act*, the implementing agency such as the Department of Health (DOH) may deputize and enlist the assistance of any government official or agency in carrying out the provisions of the said Act.

In order to ensure that the revised list provided herein and the corresponding SRP for the medicines and medical devices for COVID-19 are complied with, the DOH deputizes and enlists the assistance of the Department of Trade and Industry-Fair Trade and Enforcement Bureau (DTI-FTEB). The latter is now given the authority to undertake and conduct price monitoring and handle consumer complaints for violation of the Price Act pertaining to medicines and medical devices. Moreover, in case DOH receives complaints related to this matter, the latter shall endorse the complaints to DTI-FTEB for proper action.

Department Memorandum No. 2021-0197 dated April 19, 2021 is hereby repealed by this issuance.

Attached herewith is the revised Annex 1 Updated Suggested Retail Price on Emergency Medicines and Medical Devices.
